

CORPORATE EDITION

LETTER FROM THE PRESIDENT

Dear EWI Members,

EWI has given me so many opportunities to further my career and leadership skills. Over the many years that I have been a member of EWI, I have learned from many leaders. Last month I shared with my Corporate Board Members, my personal EWI vision that I adopted by some of the readings of author, Jon Gordon and wanted to share the same with all of our members. I encourage all of you to create your own vision in your chapter, work place and in your own personal life.

MY VISION FOR EWI

My vision is to have every member feel that their efforts make a difference in our organization.

My vision is that if a EWI member sees a problem they find a solution to fix the problem. If something needs to change it is up to us to change it rather than wait for "they" or "them" to do it.

My vision is that every EWI member feels valued.

My vision is that every EWI member leaves a footprint in our organization. All members should want something bigger and to make a difference in some way or to someone.

My vision is that every EWI member transforms our footprint by commitment and compassion.

My vision is that every EWI member get on our "energy bus" and create their own vision on where they want to go with the organization and how they want to grow personally and in their career.

My vision is that I do everything I can to bring out the best in everyone that works under my leadership and that I see their potential and nurture it.
My vision is that whatever we do at EWI, we do it with a positive spirit and have fun doing it.

With Gratitude,

Jill Gaffney
